The choice of provider is yours. This site is for informational purposes only. It is not a substitute for medical, behavioral health, or health care advice. This directory does not recommend a particular provider or type of behavioral health, medical or health care. If you believe you are experiencing a medical emergency, please call 911.

Before scheduling an appointment or receiving services, please check with your provider to confirm available services, and if the provider is participating within the network. The directory is updated weekly. If you think any information in the directory is inaccurate, let us know by clicking on 'Report Incorrect Information' on that provider's page, or calling the number on your health plan member ID card.

At this time, your above plan does not use cost-related measures to select practitioners or hospitals. All providers credentialed and contracted within the network are added to our network after completion of a primary source verification process compliant with NCQA and CMS standards. If you have any questions about your providers participation, please feel free to contact the plan you are browsing or the provider directly.
