6. BOARD MEMBER'S COMMENTS

Charles Gentry asked about the annual class in Tonopah.

Reyna Martin replied they would send an email when they schedule a class.

Lee Green said they met with Premier who volunteered some land down below the horse corrals and then they spoke to Tim Dahl about it. He said they were going to meet with Tim to show him the property and hopefully move forward with that as a permanent location for our dump site.

Jim Basinger asked what he was going to do with the corrals.

BOARD MEMBER'S COMMENTS – cont.

Lee Green replied one project at a time, dumpsite first.

Charles Gentry said he was not clear about what they had to do.

Lee Green said he thought they could make this transaction and Tim Dahl was on-board with the county, we thought we would get the dumpsite established between the horse corrals and sewer ponds. When that was completed then possibly start on the project of working on the horse corrals and get them better established and cleaned up.

Jim Basinger suggested they tell them to keep the horse corrals and you take the little piece of property between the corrals and the sewer ponds. Brian was thinking, he wants to get rid of them.

Charles Gentry said he understood it was a package thing where we got the property and the corrals.

Lee Green said yes. He said this was just general information, there are lots of loose ends we must work out.
