ITEM # 41

**NRS 350.013 Municipalities to submit annually statement of current and contemplated general obligation debt and special elective taxes, statement of debt management policy, plan for capital improvement or alternate statement and certain information regarding chief financial officer; update of information; exceptions.**

1. Except as otherwise provided in this section, on or before August 1 of each year, the governing body of a municipality which proposes to issue or has outstanding any general obligation debt, other general obligations or special obligations, or which levies or proposes to levy any special elective tax, shall submit to the Department of Taxation and the commission:

(a) A complete statement of current general obligation debt and special elective taxes, and a report of current debt and special assessments and retirement schedules, in the detail and form established by the Committee on Local Government Finance.

(b) A complete statement, in the detail and form established by the Committee on Local Government Finance, of general obligation debt and special elective taxes contemplated to be submitted to the commission during the fiscal year.

(c) A written statement of the debt management policy of the municipality, which must include, without limitation:

(1) A discussion of its ability to afford existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt;

(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;

(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this State;

(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality;

(5) Policy regarding the manner in which the municipality expects to sell its debt;

(6) A discussion of its sources of money projected to be available to pay existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt; and

(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.

(d) Either:

(1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or

(2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.

(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.

2. The governing body of a municipality may combine a statement or plan required by subsection 1 with the corresponding statement or plan of another municipality if both municipalities have the same governing body or the governing bodies of both municipalities agree to such a combination.

3. Except as otherwise provided in subsection 4, the governing body of each municipality shall update all statements and plans required by subsection 1 not less frequently than once each fiscal year.

4. In a county whose population is 100,000 or more, the governing body of each municipality shall update all statements and plans required by subsection 1 not less often than once each fiscal year and not more often than twice each fiscal year, except that a municipality may update a statement or plan required by subsection 1 more often than twice each fiscal year:

(a) If the governing body determines, by a two-thirds vote, that an emergency requires that a statement or plan be updated;

(b) To include an item related to:

(1) An installment purchase that does not count against a debt limit; or

(2) An obligation for which no additional property tax is expected;

(c) To update the purpose of a special elective tax without changing the rate of the special elective tax; or

(d) To comply with the requirements of subsection 5 of NRS 268.625 or subsection 1 of NRS 350.091.

5. The provisions of this section do not apply to the Reno-Tahoe Airport Authority so long as the Authority does not have any general obligation bonds outstanding and does not issue or propose to issue any such bonds. At least 30 days before each annual meeting of the commission, the Authority shall submit to the Department of Taxation a written statement regarding whether the Authority is planning to propose to issue any general obligation bonds before the next following annual meeting of the commission.

The County’s debt service ad valorem tax rate for Fiscal Year 2018-2019 is .00 cents per \$100 assessed valuation. The County’s tax base, i.e., the total assessed valuation within the County, is \$1,999,579,546.

**General Obligation Bonds & Medium-Term General Obligation Bonds Source of Funding**

*NRS 350.013 1.(c)(6) A discussion of its sources of money projected to be available to pay existing general obligation debt, authorized future general obligation debt, and proposed future general obligation debt;*

The County is not currently levying a tax rate to repay outstanding bonds. In Fiscal Year 2016 the Nye County Board of County Commissioners collapsed the Capital Projects Endowment fund (10493) and those remaining funds were budgeted to be transferred to the Debt Service fund (10391) for future years' debt payments. Traditionally the County's general debt obligations are paid via ad valorem property taxes and net proceeds, this is true in FY18, FY19, and FY20. FY20 net proceeds are budgeted as an operating transfer from the County General Fund into the County Capital Fund (10401) in order to fund capital projects, as well as maintain funding levels for debt payments. It should be recognized that changing circumstances require flexibility and revision to the standard operating procedure.

The following table details the cashflows in the County's Capital Fund.

**General Obligation Debt Limit**

*NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;*

Pursuant to NRS 244A.059, the County's debt limit is \$199,957,955. This figure equals 10% of the FY18-19 total assessed valuation of taxable property in the County (\$1,999,579,546). The County's remaining debt capacity is \$177,544,410.

**Per Assessed Valuation:**

The County's general obligation debt as a percentage of assessed valuation of all taxable property within the boundaries of the County equals 1.13% for FY18.

### Method of Sale

*NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt;*

***The County does not expect to sell any new debt in FY 2019-20, and expects to refinance existing jail bond debt to secure a reduced interest rate.***

Bonds can generally be sold at a competitive sale, negotiated sale, or privately placed.

Competitive Sale - Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are awarded to the firm offering the lowest true interest cost ("TIC") on the bonds. The TIC is the discount rate which results in a present value of the future debt service payments equal to amount bid for the bonds.

Negotiated Sale - One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the Underwriter.

Private Placement - A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally requires bonds issued by the County to be sold at competitive sale. For most County general obligation bonds a competitive sale will usually result in the lowest true interest cost on the bonds. There are certain circumstances under which the County would consider a negotiated sale or private placements. Such circumstances include, but are not limited to:

- 1) Bonds issued with a variable rate of interest
- 2) Bonds rated below A- or not rated
- 3) Very small or very large bond issues
- 4) Unstable or highly volatile markets
- 5) Bonds with unusual security or structure

The County will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the County determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for County. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure and marketing plan.

**Operational Costs of Future Capital Projects**

*NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d), if those costs and revenues are expected to affect the property tax rate.*

The County has prepared a Capital Improvement Plan, which is attached as Appendix B. The operational costs for the County capital improvement plan are paid from both the County Capital Fund (10401) and the County Special Capital Fund (10402). The County Capital Fund (10401) receives revenues by way of an operating transfer out of the County General Fund for Net Proceeds revenues, and investment income. The County Special Capital Fund (10402) receives revenue from Ad Valorem taxes, and investment income. The tax rate for the support of the County’s capital purchases in fund 10402 is set by NRS 354.59815 at \$0.05 per \$100 of the assessed valuation. As such, any capital costs incurred by the County are not expected to affect the tax rate.

**Capital Improvement Plan**

*NRS 350.013 1.(d) Either:*

*(1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or*

*(2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.*

A summary of the County’s five-year Capital Improvement Plan (CIP) is attached as Appendix B. The County currently utilizes Ad Valorem as a funding sources for capital projects - interest income, governmental services tax revenues, and net proceeds. These funds are generally used for major repairs, remodeling, and additions to County facilities. Funding for larger capital projects have traditionally been funded with voter approved general obligation bonds.

**Chief Financial Officer of the County**

*NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.*
